

# *Lincoln Town Car Stretch Limousine Rentals*

## Rental Information

The Lincoln Town Car Stretch Limousine is available to provide all of your wedding transportation requirements. We specialize in split rentals, whereby you do not pay for the Limousine when you are not using it. This is rarely offered in the limousine business and distinguishes us from other limousine companies.

**One-Way Rental:** The Limousine provides transportation from the church to the reception or from the reception to a hotel as described in the split rental above. The charge for a one-way rental is **\$175.00**. The deposit/payment required to reserve the Limousine is \$100.00. The balance of \$75.00 is due thirty days before the wedding date.

**Two-Way Split Rental:** The Limousine arrives shortly before the end of the wedding ceremony so that when your guests come out of the church they will see the car. Part of the joy of having the Limousine is letting your friends know it! They will be impressed and will spend time looking at the car and taking pictures. The Limousine will patiently wait while photographs are being taken will depart to the reception upon completion of the photographs. At a pre-determined time, the Limousine will return to the reception and provide transportation to a hotel or other location. We ask that you be prepared to leave within fifteen minutes upon arrival of the Limousine at the reception. Please be as accurate as possible when you choose the time for this part of the rental. In order to enjoy the final ride in the Limousine, we like to take our time in route to the final destination. The charge for a split rental of this nature is **\$350.00**. The deposit/payment required to reserve the Limousine is \$100.00. The balance of \$250.00 is due thirty days before the wedding date.

**Three-Way Split Rental:** Same as a two-way split rental but you can add one more leg, such as transportation for the Bride to the church. The charge for a three-way split rental is **\$450.00**. The deposit/payment required to reserve the Limousine is \$100.00. The balance of \$250.00 is due thirty days before the wedding date.

**Directions:** It is the responsibility of the client renting the Limousine to provide driving instructions or maps to the rental location(s).

**Gratuity:** A 15% gratuity for the Chauffeur will be added to your invoice. If you feel your driver has performed in an exceedingly efficient manner, you can give them an additional tip.

**Refunds:** All payments are 100% refundable twenty-four hours prior to the rental engagement.

The blowing of bubbles at departures from receptions has the tendency to stain the paint on our Limousines. Because of this experience, we ask that the bubbles be blown at a safe distance from the cars. The driver has strict instructions to remove the car from any area where bubbles are being blown and return when the situation allows for proper consideration of this request for the Limousines.

The Limousine is white in color and has a dark charcoal leather interior, seating for eight people with two built in ice chests and glassware. Alcohol is permitted inside the Limousine but we are prohibited from supplying any type of alcohol refreshments. Please make the proper arrangements should you require alcohol.

Price are subject to change without advance notice.
